Richard Glick's paintings explore his inner travels through the universe and his way of seeing the stars, planets, moons and other celestial bodies. While the work is abstracted and reflects representational subject matter, Glick focuses on each work's formal qualities: the shapes, colors, textures, lines and overall composition.

Exposed!
mixed media on canvas board, 12 x 12 inches

BLOKED-Black Skies
acrylic and spray paint on canvas, 40 x 40 inches
